When the 30-month Campus Expansion Project is completed, NorthPoint will provide increased access to quality and innovative health and wellness services.

Stella Whitney-West
NorthPoint CEO

Community Development Project

NorthPoint Health & Wellness Center’s mission of partnering to create a healthier community is taking a giant step forward. As a community health center, social services anchor, and legacy institution in North Minneapolis for 50 years, we are experiencing rapid growth. Now serving over 36,000 residents annually, expanding our space allows us to meet the growing needs of our community. The NorthPoint Community Board has embarked on an extensive community development project surpassing $90 million, including an $87.15 million investment from Hennepin County.
The project has unfolded in three phases:

- Phase 1 has been completed with the construction of the parking ramp and 5th floor at 1256 Penn Ave (human services programs, administration, and conference center).
- Phase 2 has been completed with the relocation of the Estes Funeral Chapel.
- Phase 3 includes the expansion of our campus on the 1300 block of Penn Ave N. It began with the demolition of the former Estes building and the old Human Services building. The expansion will include a new north and south addition.

Once completed, the expansion of NorthPoint’s campus will incorporate additional space that integrates clinic and human services. This plan is a comprehensive cot transportation.

NorthPoint Campus Expansion

When the 30-month Campus Expansion Project is completed, NorthPoint will provide:

- Increased access to quality and innovative health and wellness services
- An expanded campus for clinics and programs
- More employment and economic development opportunities
- Greater conservation impact by utilizing infiltration gardens (with the support of the Mississippi Watershed Management Organization).

Features of the completed campus will include:

- Dental Specialty Services
- Food Shelf Distribution Operations
- Bistro Café & Education Center
- Drop-in Child Care
- Spiritual, Healing & Wellness Center
- Community Gardens & Courtyard

In addition to expanding our ability to serve North Minneapolis, NorthPoint is working with Hennepin County, AECOM, JE Dunn, KMS Construction, and TRI Construction to ensure a continuation of services throughout the construction period.

Now serving over 36,000 residents annually, expanding our space allows us to meet the growing needs of our community.
